DERMATOLOGY CLINICS

Skin Center is a specialized Dermatology Center, member of Kord Group. It has been created in collaboration with Doctors and Aesthetics professionals, in order to meet any Clinical and / or Cosmetic Dermatology need.

Skin Center is not just a dermatology center. With the technological support and strict specifications of Kord Group, Skin Center has established a new insight regarding the treatment, prevention and therapy of any skin problem or condition.

At Skin Center YOU are the focus of our attention. We responsibly inform our customers regarding personalized treatments that will offer the right solution, to any dermatology issue, while simultaneously utilizing cutting edge technology. Above all, we operate in a totally safe environment, in facilities comparable to those of the greatest Dermatology Centers of Europe and the United States.

Hair Removal

The Velvet Distinction

Laser Hair Removal is universally accepted as the best Hair Removal method. Furthermore, using Alexandrite technology is currently one of the best and most effective methods, worldwide. Skin Center is an excellent choice, especially under the supervision of experienced Doctors and Specialists!

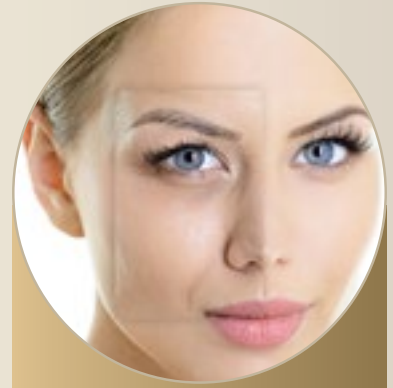

Botox

Few minutes of Botox ... new Youth for YOU !

Botox treatment is ideal for those who wish to soften the appearance of wrinkles on the forehead and around the eyes. It doesn't take long and it's not necessary to stay at home in the days following the treatment.

Botox is applied exclusively by Skin Center's specialized doctors, who guarantee the perfect result.

Hyaluronic Acid

Your face ... at the Center of our Interest.

Over the last few years, the use of implants has increased, especially in Aesthetic Medicine. Today, we have substances that vary in composition and duration of action, while the choice of each one is dependent on the application area. Hyaluronic acid is considered the safest and most widely applied injectable implant.

PRP Mesotherapy

PeRiPheral applications or at the (Skin) CENTER of Medical Excellence !

The Autologous Mesotherapy (PRP) with platelets is the most modern anti-aging treatment. The platelet –rich plasma is derived from the patient’s own body and hence it is called Autologous Mesotherapy.

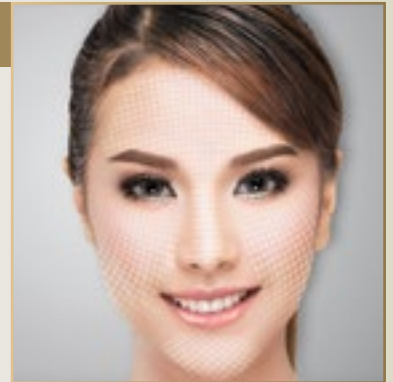

PRP: The MUST! Skin Center: The JUST!

Threads (Face-Body)

Unraveling the thread of Youth

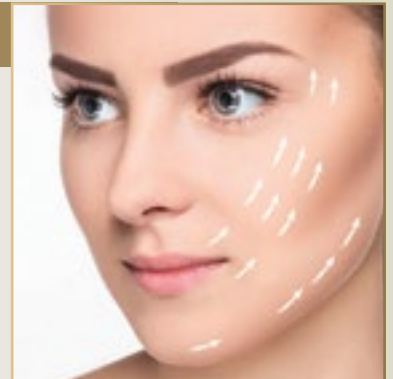

The Lifting Threads Treatment is addressed to those who wish to fight sagging and lift specified facial areas, without undergoing surgery. Lifting Threads PDO COG are totally bio-absorbable and considered to be the latest and safest technology.

Facial Mesotherapy

We proudly present a new ... face. YOURS !

Mesotherapy is the latest anti-aging and rejuvenation treatment; it is based on the injection of specific substances underneath the dermal layer of the skin. Through Mesotherapy we can achieve tightening, endogenous hydration, rejuvenation, elimination of small wrinkles and skin regeneration.
